## ROUND TABLE

This is an exercise of scenarios for the temp. Kennels during a disaster.

1. If the supervisor of the kennels contacted the liaison and requested three volunteers who would the liaison go to for help?

She Liaison will contact VDAID for Volunteers.

2. If the supervisor of the kennels contacted the liaison and said they were almost out of food and water for the animals who would the liaison go to for help?

Contact Logistics for food, Secure Supervisor OR Incident Commander

3. If the owner of a dog came to the kennels with a special needs dog (have to take meds) how would you handle this problem?

Take animal & let person know that they can come & give dog animal it's meds, & they can care for meds.

4. If the owner of an animal tells you that his / her animal eats special food what do you tell them?

Let them know that we only have certain food, let them know that they provide that type of food.

5. If someone tries to go in the kennel area without checking in first how do you handle this?

Tell them that they have to check in w/ the front desk if they refuse call law enforcement.
